REQUEST FOR CERTIFICATE OF CORRECTION
UNDER 35 U.S.C. § 255, 37 C.F.R § 1.322 AND 37 CFR § 1.323

Dear Sir:

The holder of U.S. Patent No. 7,241,486 hereby requests correction of an error present in the Assignee information. A copy of Certificate of Correction Form PTO/SB/44, reciting the specific change required, accompanies this request.

The corrections neither constitute new matter nor require re-examination. The requested corrections do not materially affect the scope or meaning of the patent.

I. Errors made by the Applicant

A Certificate of Correction can be used to amend the patent to correct mistakes of a clerical or typographical error made by the applicant so long as the conditions listed in MPEP

1481, Certificate of Correction of Applicant's Mistake under 35 U.S.C. 255, are satisfied. Since the mistakes are of a typographical nature and have occurred in good faith on the part of the Patent holder, and because the corrections do not constitute new matter, a Certificate of Correction is proper.

1. Correction to the Assignee Information

Due to a typographical error on the part of the applicant's attorney when preparing the Issue Fee Transmittal Letter, the applicant's attorney incorrectly typed in Inion Ltd., Tampere (FI) as the assignee when in fact the application was not assigned. The owner of the application and issued patent is the applicant and inventor Eija Marjut Pirhonen. Accordingly, the Assignee information on the front face of the patent should be deleted, namely "Inion Ltd., Tampere (FI)" should be deleted.

For errors on the part of the applicants, the appropriate \$100.00 fee as required pursuant to 37 CFR § 1.20(a) for the correction is submitted. The Director is authorized to deduct the \$100.00 fee, and any additional fees deemed necessary, from deposit account no. 19-0733.

Respectfully submitted,

Dated: November 19, 2010
